THE GARRET (GARY) E. COLE GOLF CLASSIC

This Golf Classic is named in honor of Gary Cole, Past President of the Maine Parkinson Society, who served the society as a volunteer for more than 10 years. Gary and his family were strong advocates and worked tirelessly to establish a firm foundation for the statewide outreach services of the Maine Parkinson Society.

The Golf Classic is one of the Society's largest fundraisers to help carry out its mission. In addition to a gift certificate for a complimentary round of golf, each participant will enjoy the "Hole 5" on-course barbeque, and bidding on sponsor prizes and give-aways. Golf prizes and sealed-bid auction items can provide effective branding opportunities for sponsors.

Parkinson's Disease (PD) is a progressive neurological disorder that typically develops between ages 55 and 65. Symptoms include spontaneous movements, difficulty walking, shaking, slow or uncontrolled facial expressions, rigidity and tremors. Research is being done but the cause is still unknown and there is no cure. However, new advances in treatment and research are very hopeful.

MAINE PARKINSON SOCIETY

The Maine Parkinson Society (MEPS) is a Maine based 501(c)(3) non-profit organization founded to help improve the quality of life for Maine patients with Parkinson's Disease. The Society's funds from sponsorships and donations focus on general awareness of Parkinson's disease, assistance to regional support groups, along with information, education programs and respite care services for patients and their caregivers. Individual and Organization donations are welcomed and are tax deductible to the extent the law allows.

Please consider participating and help improve the quality of life for people with Parkinson's disease through the MEPS.
